

DOTERRA Home Essentials Kit

Overview 10 Basic Oils & FCO

"Changing lives one drop at a time"

- ✚ **DoTERRA Essential Oils** are sourced from wherever they grow in natural environment around the world... for the most potent chemistry.
- ✚ These Oils contain **100% what is on the label, no additives AT ALL**. Eg : If it says "Peppermint" on the bottle, then all you're going to find in the bottle is what comes from a "Peppermint" Plant.
- ✚ **Fractionated Coconut Oil** is amazing. Remove makeup, use as a moisturizer and most importantly, a great carrier for the Essential Oils Kit. Dilute your favourite oils to make them go further without reducing potency of the Essential Oils. Also great to dilute the Essential Oils for kids or those with sensitive skin.
