- When you are new to dōTERRA your belief levels are just to get your products paid for. Your beliefs in the products and how well it works will get you to **Elite**.
- When you start to believe in the company and the opportunity then you'll be able to move to **Premier**.
- As you develop the belief in yourself and remove limiting beliefs, you will be able to reach **Silver**. Silvers are new leaders who are starting to feel good about their abilities to lead.
- In order to reach and maintain **Gold & Platinum** rank, you will need to develop a belief in your builders. Trust that they know how to lead and allow them to shine.
- As a **Diamond** you are clear on your why!
- As a **Blue & Presidential Diamond** you can believe in your influence.

I resolve to work consistently and focus on nourishing faith that good things will come from my good works!
