PRODUCT DESCRIPTION

A member of mint family, Hyssop was regarded by both the Greeks and the Hebrews as a sacred herb, and is mentioned several times in the Old Testament. In fact, it is known as one of oldest herbs used by human beings. Hyssop is a small shrub with dark green leaves and purple flowers. The Latin word *hyssopus* is likely related to the Hebrew *azob* meaning “holy herb.” The plant is commonly used by beekeepers to produce a rich and aromatic honey. dōTERRA CTPG® Hyssop essential oil can be used in a diffuser to complement a meditation ritual. Inhale deeply and experience the refreshing aroma. Massage into skin for soothing comfort after strenuous activity.
