PRODUCT DESCRIPTION

dōTERRA Blue Lotus Touch combines Fractionated Coconut Oil with Blue Lotus, a precious extract, widely celebrated throughout history in Egyptian culture, art, and ceremonies. The Blue Lotus is a majestic deep blue flower with a vibrant yellow center, often referred to today as a water lily, a symbol representing long life, health, honor, and good luck. Egyptian paintings represent the Blue Lotus, *Nymphaea caerulea*, as a sacred and even magical flower, and it was sprinkled over King Tut's body before he was entombed. It also has roots in Mayan culture. Commonly used in massage oils, as a meditation aid, and for overall skin hydration, Blue Lotus Touch can also be used as an enchanting personal fragrance.

USES

- Apply to pulse points for a centering and relaxing aroma throughout the day.
- Use as a part of a daily skin care routine to help maintain the skin's natural moisture barrier.
- Apply to neck and wrists for a peaceful, tranquil, personal aroma experience.

DIRECTIONS FOR USE

Topical use: Apply to desired area. See additional precautions below.

CAUTIONS

Possible skin sensitivity. Keep out of reach of children. If you are pregnant, nursing, or under a doctor's care, consult your physician. Avoid contact with eyes, inner ears, and sensitive areas.
