Palmarosa

Cymbopogon martinii 5 mL

Wholesale: \$12.50

PV: 12.5

*not available for individual sale

PRODUCT DESCRIPTION

Palmarosa essential oil has a bright and cleansing aroma that smells slightly sweet and floral. Though its name, Palmarosa, makes it sound like it might be a tree or a rose plant, Palmarosa essential oil actually comes from a grass that is dried then steam distilled to create this fresh, clear to pale yellow essential oil. As a grass that can grow almost 10 feet tall, and with its bright, shining aroma, it's no wonder the plant requires abundant sunshine to grow. Palmarosa essential oil contains a high percentage of geraniol, which is one of the same primary aroma constituents in Rose essential oil. One of nature's skin rejuvenators, Palmarosa often finds a place in skin care routines.

USES

- Diffuse anytime to create a welcoming atmosphere.
- Dilute in a carrier oil as part of a relaxing massage.
- Add one to two drops to a soothing Epsom salt bath.
- Combine with your favorite dōTERRA cleanser to give your skin a youthful look.

DIRECTIONS FOR USE

Diffusion: Add a few drops to your favorite dōTERRA diffuser.

Topical use: Apply one to two drops to desired area. Dilute with a carrier oil to minimize any skin sensitivity. See additional precautions below.

CAUTIONS

Possible skin sensitivity. Keep out of reach of children. If you are pregnant, nursing, or under a doctor's care, consult your physician. Avoid contact with eyes, inner ears, and sensitive areas.
